**WHAT'S ON AT FUTURE MEETINGS**

**29 May:** Garrie Bromley - Presentation of the recent Australian Orchid Conference

**PRESIDENT'S REPORT**

It's with excitement, that I understand we will be back in our Ermington base, easy access etc. I understand that some of our affiliated societies are struggling and that some have folded. As we have, perhaps societies could adopt the Zoom technology for speakers at their meetings. Also having social activities helps, Society visit to someone's collection, maybe just a morning tea in the park. Also allowing time during the supper break for members to exchange ideas.

Hopefully I will see you all at Orchids Out West, the affiliated societies involved put on wonderful displays.

**Orchid Society of NSW General Meeting Monday 24<sup>th</sup> April 2023 at the  
Boronia Grove Community Centre, 51 Rawson Rd Epping**

**Opening**

Tonight's meeting was declared open at 8.00pm by President Irene Chalmers who welcomed those present to our April 2023 meeting. She reminded members that social distancing must still be observed by all those present, and that the wearing of masks is not only highly recommended but strongly encouraged by our committee. Irene told members to make sure they have signed the register at the entrance and to enjoy the plants on display this evening.

**Visitors** – Yvonne from Shoalhaven Orchid Society

**New Members** – Nil

**Apologies** – Chris Dalrymple, John Allen, Chin Wong

**Confirmation of Minutes**

The minutes of the meeting held on 27<sup>th</sup> March 2023 were confirmed as a true account of that meeting. Moved for acceptance by Veronica Clowes and seconded by Toni Benton - accepted unanimously.

**Matters Arising**

We hopefully meet for the last time tonight at our temporary home here in Epping. Veronica has made a sneaky visit to Ermington a couple of days ago and pictures reveal the hall update is complete though ramps to the entry door are still under construction. Parramatta Council told Veronica today that there will be a safety inspection later this week and if the building is approved for resumption of meetings we will be notified by email on Friday of this week.

Sadly though, it seems that the wonderful AV equipment that we have enjoyed here, will not be available at Ermington. *Please watch our bulletin for venue location of May 29<sup>th</sup> meeting.*

**General Business**

- **Affiliated Societies competition**: Now open for the 2023/24 competition. Get those entries to Veronica as soon as you can after your shows. Leaving it until the end of year might mean you forget. Please see details about the Affiliated Societies competition which can be found in the Affiliated Societies section of our website.
- **Orchids Out West** – 26<sup>th</sup> to 28<sup>th</sup> May 2023 **Not long to go now!** New venue this year....bigger and better than the racecourse! The venue is called the Hawkesbury Showground....so you turn off the Hawkesbury Valley Way as before and proceed over the railway line at Clarendon station....then turn RIGHT to the Showgrounds (NOT LEFT for the Racecourse) Flyer available on Toni's table, please take some to your local society
- **Orchids Central** – 13<sup>th</sup> to 15<sup>th</sup> Oct 2023. Set up on 12<sup>th</sup> October. New Show at new Venue – Club Condell Park, 178 Eldridge Rd Bankstown, a licensed club with all the 'club facilities' food, drink and other club activities to provide orchid buyers with facilities to enjoy a day out at the show. The new venture is a combined society endeavor comprising OSNSW, Eastern Suburbs O/S, Bankstown O/S, Five Dock RSL O/S and Fairfield O/S. The next meeting of the Orchids Central Committee is on Friday 28<sup>th</sup> April 2023. The second flyer, including vendors is now available, our new banner will be displayed at OOW
- **Ira Butler competition** – Open for 2022/23, entries to the secretary (Irene). Irene spoke about the various classes of competition and noted the decrease in numbers of plants benched at a recent ANOS show.
- **RAS Easter show 2023** – The Easter Show has been run and won for 2023. Thank you to those who volunteered to man our promotional cart. We answered many orchid questions and handed out many flyers for orchid shows in 2023. There were a few problems involving the orchid judging and judges this year, and some issues with the orchid schedule.

**Treasurer's Report**

Cheque account balances as at 16<sup>th</sup> April total \$21,884.64. This includes \$3098 for OC and \$8503.72 for Affiliated societies insurance renewal. Term deposit balances at Westpac \$150,000.

***Public Liability Insurance 2023/2024***

The 2023/2024 Certificate of Currency for Public Liability/Voluntary Workers accident is now posted on our website.

Please download and print for your show venues if you are one of our affiliates who take your insurance cover 'under our umbrella'

**Registrar's Report**

Current Judging Class: The current judging class students have transferred to the Zoom course, to begin on 14/5/23. There are currently 26 people who have applied to commence the Zoom Course.

State Judges meeting in Canberra on w/e of 6/7 May 2023

**Awards**

- *Den.* Goldenglow Queen 'Vicki' AM owned by Vic Petrovski

- *Ctt.* Deception Drop 'MelVic' AM owned by Vic Petrovski
- *Den.* Joanne's Allure 'Joey'

Supper break - Tea and coffee was provided in BYO mugs with a snack this evening. It was a help yourself from the supper table.

### Guest Speaker

Our guest speaker this evening was Dr Martin Motes of Motes Orchids, one of the most renowned orchid nurseries in the world (Boston Globe)

Wow! We all drooled over the wonderful vandaceous orchids produced by Martin's breeding at his property in Florida USA. Stunning colours, great shapes and huge flower count suitable impressed all of us who had the privilege of hearing Martin talk about his successes.

### Plants of the Night

- Best species – *Gomesa praetexta* 'Mathew' owned by Joe Gafa
- Best Hybrid – *Blc.* Burdekin Future x Pretty Nicole owned by Joe Gafa
- Lucky exhibitor – Fred Musial and Linda Chang

Congratulations to our winners this evening.

### Raffle

Raffle prizes this month were won by Joel Cass, Sylvia Lee-Joe, Veronica Clowes x 2, Christine Rethers and Dora Law.

Irene told members that our guest Speaker next month will be Garrie Bromley who will present the AOC Conference and Show 2022

Members were asked to assist with the packing up of the hall.

The meeting was then declared closed by Irene who thanked members for their attendance and wished everybody a safe trip home. **See you all at Ermington next month (May 29<sup>th</sup>)**

**Howeara Lava Burst Puanani by Jim Brydie**

(Courtesy of the Monthly Bulletin of the Ku-Ring-Gai Orchid Society Inc)

Owned by Trevor and Pauline Onslow

An *Howeara* is a weird little experimental mix of *Gomesa* (used to be *Oncidium*), *Rodriguez* and *Leochilus*. *Howeara* Lava Burst is a hybrid between *Rodricidium Primi* (now *Gomguezia Primi* since some *Oncidium* were moved to *Gomesa*) and *Leochilus oncidiodes*. Even those who know what a *Rodriguezia* is, might be wondering what the heck is a *Leochilus* and why would anyone use that in hybridizing? In WWG Moirs 1982 book *Creating Oncidiinae* intergenerics, he says of *Leochilus* "These species have tiny flowers and are of little value in breeding, but people are curious and have used them".

But from the 1960's, when WWG Moir was experimenting with equitant *Oncidiums* (now *Tolumnia*) and creating a whole new genre of hybrid orchids, it also was apparent that he and a few other breeders were also looking at quite a number of other miniature *Oncidiinae* genera to see what might come

from these lines. The *Rodriguezia* in Mini primi is *R. lanceolata* which is a very attractive species with many racemes of small deep pink flowers. The hybrid register shows that Moir registered 8 crosses with *lanceolata* between 1957 and 1968, and other breeders such as Ruben In Orchids in the USA were also working with it.

One parent of Mini Primi is '*Rodricidium Primi*' (*Gomesa sarcodes* x *R. lanceolata*) made by Rubin In in 1970, and that was crossed with *Leochilus oncidiodes* to create Mini Primi, which was then backcrossed to *Rodriguezia lanceolata* to create Lava Burst in 1993.

Lava Flow seems a more prolific flowerer than Mini Primi and thus a step forward. Progress may be slow in generating new combinations of these intergenerics but I suspect that combinations with slightly easier to grow species will gradually see an increase in variation with new colours and growth styles and sometime in the future these miniature *Oncidiinae* intergenerics will become the big thing.
